

RAVACH CONSULTING
ABSOLUTE TAX CLARITY

FIRM PROFILE

Absolute clarity. Informed decisions. Lasting value.

Independent tax advisory, compliance and cross-border tax services for businesses and individuals across Eastern Africa.

ABOUT RAVACH

An independent professional advisory firm

Ravach Consulting (Eastern Africa) LLP offers an integrated range of tax consulting and business advisory services — from start-ups and privately held businesses to multinational corporations and individual clients.

We understand that tax decisions have implications beyond compliance. They influence business structures, investment decisions, financing arrangements, cross-border transactions and overall commercial performance. Our role is to help clients navigate these considerations through clear, technically sound and commercially relevant advice.

We combine an understanding of domestic tax legislation with experience in international taxation, transfer pricing, tax compliance and tax dispute resolution, and we support clients establishing new businesses or expanding their operations into Kenya.

Our mission

To deliver insightful, reliable and practical tax and business advisory services that help our clients navigate complexity, manage risk and achieve their business objectives.

Our vision

To be a trusted professional advisory firm serving businesses across Eastern Africa, recognised for technical excellence, integrity and the lasting value we create for our clients.

Industries we serve

- ✓ A long-term perspective

WHAT WE STAND FOR

Our values

Integrity

Professional ethics, objectivity, transparency and confidentiality in every engagement.

Technical Excellence

Sound analysis, informed professional judgement and continuous learning.

Client Focus

Your needs at the centre of our work, with solutions that reflect your circumstances.

Innovation

New ideas, technologies and approaches that improve quality, relevance and efficiency.

Practical Insight

Technical complexity translated into clear, actionable advice.

Professional Partnership

Lasting relationships built on trust, responsiveness and shared commitment.

Our approach

1 - Understand

We take time to understand your business, operating model, objectives and regulatory environment.

2 - Analyse

We assess the relevant facts, applicable legislation, commercial considerations and potential risks.

3 - Advise

We provide clear, practical recommendations tailored to your circumstances.

4 - Support

We assist with implementing agreed solutions and addressing identified issues.

OUR SERVICES

Specialised tax and business advisory solutions

Our services cover the business lifecycle — from incorporation and initial tax registration to ongoing compliance, expansion, transactions and dispute resolution.

Company Incorporation & Business Set-Up

Guidance on business registration, tax registration and regulatory requirements for entrepreneurs, investors and organisations establishing or expanding in Kenya.

Tax Advisory Services

Practical advice on domestic taxation, tax planning, business transactions and tax risk management to support informed decision-making.

Tax Compliance Services

Tax computations, return preparation, filing support and compliance reviews that help you understand and meet your obligations.

Cross-Border Tax Advisory

International tax matters, cross-border transactions, investment structures and the tax implications of operating across jurisdictions.

Transfer Pricing

Transfer pricing reviews, documentation, benchmarking and related-party transaction advisory.

Tax Dispute Resolution

Support with tax audits, assessments, objections and engagements with revenue authorities.

Tax Planning & Transaction Advisory

Tax advice on mergers, acquisitions, reorganisations, financing structures and other significant transactions.

Tax Technology & Process Improvement

Better tax processes, stronger controls and more reliable compliance through effective use of systems and data.

Tax Risk Management & Regulatory Advisory

Risk assessments, governance frameworks and analysis of legislative change so issues are identified early.

OUR LEADERSHIP

Leadership grounded in experience

Our Partner, Winnie Kimotho, has over 12 years of experience in international taxation, transfer pricing, cross-border structuring, tax compliance and dispute resolution.

Her experience spans professional consultancy and in-house tax leadership within a multinational corporate environment, including tax leadership and advisory roles at MultiChoice Kenya Limited and PKF Taxation Services Limited. She holds a Bachelor of Commerce (Accounting and Entrepreneurship) from Strathmore University and the Advanced Diploma in International Taxation (ADIT) from the Chartered Institute of Taxation (UK).
